USE THIS *FREE* CHECKLIST AS YOUR GUIDE
 This will help in determining the quality of the products others use and the service provided

- Does the shed company offer a true “Turn Key Solution”?
- Do they offer an all inclusive contract?
- Do they procure all relevant documents and complete all paperwork as required, related to all or any permits?
- Do they project manage the entire job from start to finish?
- Do they take responsibility for all insurances during construction?
- Does the company directly employ their own trades people?
- Is delivery & unloading included as a part of their pricing and do they clean up the site and sweep out the shed when finished?
- Do they use 100% Bluescope® steel & Colorbond®. Have their products been tested in Australian conditions for over 50 years?
- Is their shed Shedsafe® accredited and will your insurance company insure their shed?
- Can the shed company provide a verifiable Domestic Builders Licence number?
